We can handle any size order big or small. Each order is made with your guests in mind using the freshest toppings. Most of our pitas fit well with Weight Watchers points®, Zone Blocks, South Beach™ and Atkins™. You'll be popular with guests dieting or not! Any order can be delivered downtown and on the SJSU campus or picked up at the store.

Our platters consist of 20 mini pitas that are approximately 5 inches in length and packed to the max with toppings and sauces. Each platter feeds approximately 10 people. Per person catering includes a full sized pita for each person. Of course they are packed with toppings and sauces as well. We cut the pitas in half so each guest can try more than one variety.
